This means the maximum amount an employee can contribute to a HSA account if the employee has HDHP single coverage is \$2,949.60, because MSU will contribute \$350.40 to the employee’s HSA account. Also, this means the maximum amount an employee can contribute to a HSA account if the employee had the HDHP family coverage is \$5,899.60, because MSU will contribute \$650.40 to the employee’s HSA account. If you are age 55 or older, you can make additional “catch-up” contributions of up to \$1,000.
