Academic History

Degree	Institution	Year	Major	GPA

To be eligible to take the post-baccalaureate sequence of courses in communication disorders, a student must

1. be admitted to Murray State University;
2. have completed a bachelor degree with a minimum GPA of 3.0;
3. complete this application form and turn it in with a copy of your college transcript(s);
4. meet with an advisor in the communication disorders (CDI) program

Read the statement below and sign to indicate your agreement. Attach your transcript(s) to this signed form and mail to the address above or return to your advisor.

I understand that

- admission into the graduate program is not guaranteed. I will be evaluated with all other applicants.
- I must meet with an advisor in the communication disorders program prior to registration.
- my CDI advisor will help me determine which classes I may enroll in.
- undergraduate GPAs lower than 3.25 significantly decrease my chances of being admitted to graduate school
