- Certificate
- Organizational Dynamics
- Professional Telecommunications Systems Management
- Public Relations Practice

Arthur J. Bauernfeind College of Business

The fields included in business offer excellent employment opportunities. New research findings, technological breakthroughs, and changing economic conditions offer challenges that can be prepared for through the undergraduate and graduate programs of the Arthur J. Bauernfeind College of Business.

Murray State University began programs in business in 1935. The strong demand for men and women with such preparation has resulted in a steady expansion in course offerings, enrollment, technology, and faculty.

Today, the Bauernfeind College of Business is organized into six departments: Accounting; Computer Science and Information Systems; Economics and Finance; Journalism and Mass Communications; Management, Marketing and Business Administration; and Organizational Communication. Each department offers viable programs of study at both the undergraduate and graduate levels designed to educate leaders for many kinds of endeavors, both private and public.

The college also houses the West Kentucky Small Business Development Center, the Regional Business and Innovation Center (RBIC), the Center for Economic Education, TV-11, the Journal of Business and Management Landscapes, the Coordinator of the Regensburg (Germany) Program, and the MSU News.

AACSB and ACEJMC Accreditation

All the undergraduate Bachelor of Arts in Business (B.A.B.) and Bachelor of Science in Business (B.S.B.) area programs plus the major in business administration as well as the Master of Business Administration (M.B.A.) and the Master of Science in Information Systems (M.S.I.S.) offered by the Bauernfeind College of Business are accredited by AACSB-International—The Association to Advance Collegiate Schools of Business. In accordance with AACSB guidelines, at least 50 percent of the business credit hours required in accredited programs must be earned through Murray State. In addition, majors in advertising, journalism, public relations, and television production in the Department of Journalism and Mass Communications are accredited by the Accrediting Council for Education in Journalism and Mass Communications (ACEJMC).

Careers

Challenging and rewarding career opportunities exist today for university-educated men and women capable of assuming positions in administration and supporting professions.

A number of national corporations, governmental agencies, not-for-profit organizations, and regional organizations regularly visit the campus to interview qualified candidates. The university's Career Services Office assists both graduates and employers.

Vision

The Bauernfeind College of Business aspires to be one of the best regional business schools in the nation.

Mission

The Arthur J. Bauernfeind College of Business (AJB-CoB) prepares students for careers in the dynamic environments of business, information technology, public and private organizations, and mass communications. With a domestic student population drawn primarily from Kentucky, Tennessee, Indiana, Missouri, and Illinois; and a substantial international student population; the AJB-CoB strives for excellence by:

- Engaging students in the acquisition of fundamental knowledge; mastery of professional skills (including oral and written communication, problem solving and critical thinking); and the application of knowledge and skills to emerging issues, technologies, and professional practices in a student-centered learning environment.
- Providing students with quality undergraduate and master's degree programs embodied in relevant curricula and innovative learning environments.
- Encouraging students in intellectual and social development by providing a high degree of student and faculty interaction both inside and outside the classroom, cultivating leadership, and developing an appreciation for ethical issues and diversity in the global market place.
- Providing students with global perspectives in the classroom, while also encouraging both students and faculty to pursue opportunities for international travel and learning.
- Developing and encouraging academic outreach, collaborative relationships with alumni, business and industry, public schools, government agencies and non-profit organizations, as well as colleges and universities at home and abroad.
- Supporting a faculty commitment to quality teaching, service and continuous improvement that is enhanced by a 50% to 65% focus on Discipline Based Scholarship (DBS), with secondary emphasis on both Contributions to Practice (CP) and Learning and Pedagogical Scholarship (LPS).

Undergraduate Programs

Students pursue their particular interests by selecting one of the area programs or one of the major programs offered within the college. Area programs are offered in accounting, business administration, computer information systems, computer science, finance, graphic communications management, international business, management, marketing, and telecommunications systems management. Major programs are offered in advertising, business administration, computer science, economics, journalism, organizational communication, public relations, and television production.

Several of the college's area and major programs provide excellent preparation for students considering a career in law. Pre-law students opting to major in economics are advised by faculty in the Department of Economics and Finance.

A student pursuing a major or area program within another college at Murray State may pursue a second area, a major, or a minor in the Bauernfeind College of Business.

Also, a two-year associate of arts degree program is offered in business administration.

Undergraduate University Studies Requirements

The college's area business programs and one of the major programs, business administration, must follow the Bachelor of Arts in Business (B.A.B.) or the Bachelor of Science in Business (B.S.B.) University Studies requirements. The college's other area and major programs—advertising, computer science, economics, journalism, organizational communication, public relations, telecommunications systems management, and television production—follow the university Bachelor of Arts or Bachelor of Science University Studies requirements.

Entrance Standards for Business Programs

During the second semester of the sophomore year students must contact their advisor to initiate admission to one of the AACSB accredited business programs. Students seeking admission to upper-division courses who have not completed all of the required pre-admission course work will be allowed to pre-register for upper-division courses if they satisfy the minimum grade point average requirements at the time of application and if they are concurrently enrolled in the courses necessary to complete the pre-admission requirements. Failure to meet all requirements for admission will result in denial of admission to the college; students denied admission will not be admitted to upper-division classes. Students may appeal to an appeals committee. The admission standards are as follows:

1) applicant must have completed the following pre-admission courses with a combined GPA of 2.25:

ACC 200	CSC 199	MAT 220 or 250
ACC 201	ECO 230	
BUS 215	ECO 231	
CIS 243 or MAT 135	ENG 105	
CIV 201 or 202	HUM 211	
COM 161	LST 240	

A minimum grade of C must be earned in CIS 243 and ENG 105.

2) applicant must have a minimum overall GPA of 2.00.

CIV 201 or 202 and HUM 211 are waived for students with transfer coursework and/or general education certification that would waive HUM and CIV in University Studies for Murray State's bachelor's degrees.

COM 161 is waived for students with transfer coursework and/or general education certification that would waive COM 161 in University Studies for Murray State's bachelor's degrees.

The course or courses used to meet the ENG 105 requirement for Murray State's University Studies will be used to meet the ENG 105 requirement for admission to business programs. When more than one course is used, the courses must average a grade of C to meet the minimum grade for this course requirement.

Honors sequence courses will meet business admission standards as follows:

- ENG 150 (with a minimum grade of C) will meet the ENG 105 requirement.
- HON 165 will meet the COM 161 requirement.
- HON 251 will meet the HUM 211 requirement.
- HON 201 or 202 will meet the CIV 201 or 202 requirement.
- HON 232 will meet both the ECO 230 and ECO 231 requirements.

Enrollment in business courses numbered 300 or above will be limited to: 1) business program students admitted to the college's accredited programs; 2) non-business students who have junior standing and are enrolled in specific programs or minors requiring business courses; and 3) other students or classifications of students with the specific permission of the department offering the course.

Immediately following formal admission, the student must declare an area of concentration, major, or minor and be assigned an academic advisor accordingly.

Exceptions

Students who are not admitted because of a low GPA or failure to successfully complete a required course will be allowed to reapply after the deficiency has been corrected.

In unusual circumstances admission may be granted when personal, professional, academic, or intellectual circumstances tend to contradict low academic scores, if there is other persuasive evidence regarding both the motivation and capability to successfully pursue upper-division study.

Any student not admitted can appeal the decision to a collegiate review committee.

Core Requirements

All area business programs within the college plus the major in business administration require the business core requirements listed below. These requirements must be completed by any student who takes more than 25 percent (30 hours) of his/her course work in business. Business includes the following prefixes: ACC, BUS, CIS, FIN, LSC, MGT, MKT, RES, and LST 240. Courses with the following former Murray State business prefixes are considered business hours for purposes of this rule: BOA, BPA, BUA, CQM, and GBU.

Business Core Requirements

ACC	200	Principles of Financial Accounting ¹	3
ACC	201	Principles of Managerial Accounting ¹	3
BUS	215	Business Communication.....	3
BUS	355	Information Systems and Decision Making ^{2,3}	3
BUS	442	Business Ethics and Environments.....	3
CIS	243	Business Statistics I	2
CIS	343	Business Statistics II	2
ECO	310	Issues in the Global Economy	3
FIN	330	Principles of Finance.....	3
FTR	100T	Transitions	1
LSC	343	Fundamentals of Operations	3
LST	240	Legal Environment of Business	3
MGT	350	Fundamentals of Management	3
MGT	590	Strategic Management	3
MKT	360	Principles of Marketing.....	3

Total 41 hrs

¹Students pursuing an AREA in accounting must have a grade of B or better.

²Students pursuing an AREA in accounting **must take** ACC 308 in lieu of BUS 355.

³Students pursuing an AREA in computer information systems **must take** CIS 307 in lieu of BUS 355.

Additional requirements for B.A.B. and B.S.B. students are specified in *Academic Degrees and Programs*.

Business Electives

Courses with the following prefixes may be selected as “business electives” for programs in the Bauernfeind College of Business and elsewhere in the university, except where noted otherwise: ACC, BUS, CIS, ECO, FIN, LSC, MGT, MKT, RES, and TSM. COM 340, COM 439, CSC 101, CSC 125, JMC 168, JMC 391, JMC 394, LST 240, LST 440, and POL 442 are also acceptable.

Courses required for admission to business programs or courses that are in the business core cannot be used to meet business elective requirements. Exceptions may be made for the Associate of Arts degree in Business Administration or minors with advisor approval. The former courses MGT 250 and MKT 260 do not apply toward business or economics major, minor or area requirements.

Courses with the following former Murray State prefixes also count toward business elective requirements: BOA, BPA, BUS, CQM, GBU, OAD, and OSY.

Because they were business electives at the time, POL 140, 250, and 252 will count as business electives if taken prior to fall 2005.

Courses with the COB prefix are business electives transferred to Murray State, are not a direct equivalent to any Murray State course, and do not count against the 25 percent business hours rule (see *Core Requirements*).

Double Areas, Majors, or Minors

Courses completed in fulfillment of the requirements for one area, major, or minor cannot also be applied to the requirements of another area, major, or minor.

Graduate Programs

The Bauernfeind College of Business offers six graduate degree programs: the Master of Business Administration (M.B.A.), offered through the Arthur J. Bauernfeind Graduate Program in Business Administration; the Master of Science in Information Systems (M.S.I.S.); the Master of Science in Economics; the Master of Arts or Science in Mass Communications; the Master of Arts or Science in Organizational Communication; and a joint Master of Science in Telecommunications Systems Management is offered with the Jesse D. Jones College of Science, Engineering and Technology. In addition, two Masters of arts in Education with an emphasis in business education or economics are available through the College of Education and Human Services. The business programs prepare graduates for a variety of challenging and rewarding careers in industry, private enterprise, governmental agencies, and non-profit organizations.

The M.B.A. and M.S.I.S. programs are accredited by AACSB-International—The Association to Advance Collegiate Schools of Business.

Note: L=literature; R=research; PT=professional training. See page 70.

Arthur J. Bauernfeind Graduate Program in Business Administration

Director - Gerry N. Muuka
email: nmuuka@murraystate.edu
270-809-6970

The graduate program leading to the Master of Business Administration (M.B.A.) degree for full-time students is offered during the day and evening at Murray. The same program is offered 100% online.

The M.B.A. program is offered jointly by the departments within the college. It is designed to qualify graduates for creative leadership positions in a complex and ever-changing business environment. Primary emphasis is placed on the analysis of business problems, the determination of business policies, and development of the skills and mature judgment necessary for competent management.

The broad integrated curriculum provides each student with an understanding of the major facets of domestic and international business operations including work in the theoretical and historical foundations of business, quantitative controls, information systems, research methodology, decision-making through the development of advanced functional skills, and the socio-political environment of business. Opportunity is provided for a moderate degree of specialization through the choice of graduate electives selected. The accounting concen-

tration requires additional foundation courses and all graduate electives to be taken in accounting. There is no comprehensive examination or thesis requirement. However, the capstone course, MGT 656, can be taken only after completion of at least 18 hours of graduate course work.

Requirements for Admission

Applicants must meet Murray State University requirements (see *Graduate Admissions*). Additional requirements for unconditional and conditional admission are as follows.

Unconditional

An applicant must attain an acceptable score using the following formulas that combine the undergraduate grade point average (UGPA) and the score on **either** the Graduate Management Admission Test (GMAT) or the Graduate Record Examination (GRE).

All applicants, including those with GPAs of 3.0 and above, must take either the GMAT and achieve a minimum score of 400, or the GRE and achieve a minimum score of 286. Applicants with undergraduate GPAs of less than 3.0 on the 4.0 scale need GMAT scores that are higher than 400, or GRE scores higher than 286. The GMAT/GRE cannot be waived.

For unconditional admission to the program, an applicant must satisfy one of two formulas:

GMAT Users: $(200 \times \text{UGPA}) + \text{GMAT} \geq 1,000$ **GRE Users:** $\text{GRE} \geq 321 - (11.66 \times \text{GPA})$ (Combined quantitative and verbal sections only.)

An alternative formula is used if an applicant’s grade point average on the last 60 semester hours (LGPA) of undergraduate work is 0.25 points or more above the applicant’s overall UPGA: $200 \times (\text{LGPA} - 0.25) + \text{GMAT} > 1,000$.

An applicant whose native language is not English or who did not graduate from an English-speaking college or university must satisfy the above requirements, meet all admission requirements specified in the international student admission section of this *Bulletin*, and score a minimum of 20 in each of the four areas examined in the new TOEFL, ie. writing, reading, listening, and speaking.

Conditional

An applicant who has not taken the GMAT or GRE will be granted conditional admission to the M.B.A. program if the applicant’s UGPA is at least 2.75 (on a 4.00 scale), or if the applicant’s LGPA is at least 3.00. This student must take the GMAT/GRE within two months of receiving the conditional admission letter. A student who is conditionally admitted may enroll in foundation courses (see below), but may not enroll in 600-level courses without a special waiver from the associate dean/MBA director. International students are not usually admitted conditionally, meaning they must take and pass the GMAT or GRE before coming to the United States.

Master of Business Administration

CIP 52.0101

NON-THESIS REQUIREMENTS ONLY

The M.B.A. curriculum requirements are divided into two parts: (1) foundation courses and (2) graduate courses.

The foundation courses are undergraduate courses designed to form a base upon which the student can build in the graduate phase of the program. A student who has satisfactorily completed one or more equivalent courses will be given a waiver for previous work. A minimum grade of C is required to satisfy each foundation course.

Foundation Courses..... 15 hrs¹

- ACC 490 Survey of Accounting²
[or ACC 200 and 201]
- ECO 490 Survey of Economics²
[or ECO 230 and 231]
- CIS 490 Survey of Calculus and Statistics²
[or CIS 343 and MAT 220]
- FIN 330 Principles of Finance
- MKT 490 Survey of Marketing and Management²
[or MGT 350 and MKT 360]

¹All foundation courses must be completed by the time a student finishes 15 hours of graduate course work.

²ACC 490, CIS 490, ECO 490, and MKT 490 cannot be taken as an undergraduate. These survey courses are for students who already have an undergraduate degree and are planning to pursue the MBA degree. Students have the option of taking the 490 classes or the individual courses that make up these 490 survey courses.

Total Course Requirements..... 30 hrs

- ACC 604 Accounting for Decision Making
- CIS 653 Management Science for Managerial Decision Making
- ECO 625 Managerial Economics
- FIN 602 Corporate Finance
- MGT 651 Seminar in Organizational Behavior
- MGT 656 Seminar in Strategic Management
- MKT 667 Marketing Planning and Application
- Electives (9 hrs)

Note: All electives must be selected with the approval of the M.B.A. director. No foundation course may be used as an M.B.A. elective. Students with an undergraduate degree in accounting are encouraged to choose a 600-level ACC course in lieu of ACC 604.

Other Degree Requirements

In order to receive the degree, a candidate must earn a minimum grade point average of 3.00 on all graduate courses taken at Murray State University. Repeating a graduate course does not cancel a previous grade in the course. A candidate may not repeat a course in which a previous grade of *A* or *B* was earned for credit.

A minimum grade of *C* is required to receive credit for a graduate course.

No more than one *C* will be accepted in fulfillment of the seven M.B.A. core courses.

A candidate is awarded one "quality deficit point" for each grade of *C* received, two points for each *D*, and three points for each *E*. Upon receipt of four quality deficit points, a candidate is dropped from the program without opportunity for readmission except by special permission.

A maximum of nine semester hours of graduate credit taken at another institution may be transferred toward the fulfillment of core courses or electives, provided that the course was not used to complete another degree, that a grade of *B* or better was earned, and that a 3.00 grade point average is earned in Murray State graduate courses. Transfer courses must fall within the eight-year time limit allowed for completion of the master's degree.

Foundation courses may be completed at Murray State University or at any regionally accredited four-year institution or recognized foreign institution, before or after acceptance into the program. Only the 100- and 200-level foundation courses may be completed at a community or junior college.

During the fall and spring semesters, a candidate may take a maximum of 12 credit hours of graduate work or 15 credit hours if at least three hours are foundation work. The maximum load during each five week summer session is seven hours.

A student may fulfill a foundation course by passing a proficiency test. A proficiency test may be taken only once per course. There is a fee for taking the test. Call the associate dean's office (270-809-6970) to schedule each proficiency test.

A candidate who reapplies after a period of inactivity of 36 months will be subject to the degree requirements in effect at the time of reapplication.

A few applicants who have taken the GMAT or GRE and are denied admission may subsequently be admitted by a special admissions process on the basis of significant work experience or other extraordinary credentials.

Master of Business Administration/Accounting Concentration

CIP 52.0101**NON-THESIS REQUIREMENTS ONLY**

The M.B.A. accounting concentration curriculum requirements are divided into three parts: (1) foundation courses, (2) undergraduate accounting courses, and (3) graduate courses.

The undergraduate courses are designed to form a base upon which the student can build in the graduate phase of the program. A student who has satisfactorily completed one or more equivalent courses will be given a waiver for previous work. A minimum grade of *C* is required to satisfy each undergraduate course.

Foundation Courses..... 15 hrs¹

ACC	490	Survey of Accounting ² [or ACC 200 and 201]

MKT	685	Enterprise Business GIS

Telecommunications Systems Management

Telecommunications systems are networks of leading-edge technologies such as fiber optic systems, satellites, wireless, telephony, and cable, which are connected to computers that allow organizations and individuals throughout business and industry to communicate instantaneously around the world. Telecommunications systems provide the architectural structure for such activities as electronic commerce, electronic banking, video teleconferencing, distance learning, telemedicine, data interchange, on-demand video, wireless technology, information security, and a host of other traditional and new uses for business and industry.

The baccalaureate program provides students specialization tracks within the curriculum. Students in the baccalaureate program will have the insight and ability to function in all areas of Telecommunications Systems Management (TSM) but will choose a program option that will support the aspect of management which interests them most - the physical system and its components, the software that drives the system, or the business structure and operations that depend on the system. In addition, they will be prepared to move on to the Master of Science in Telecommunications Systems Management if they so choose.

Telecommunications Systems Management is an interdisciplinary program drawing upon the strengths of the Bauernfeind College of Business and the Jesse D. Jones College of Science, Engineering and Technology. These programs which are jointly administered by the two colleges provide students a unique opportunity to develop both technical expertise and management expertise in this dynamic field.

Due to the dynamic nature of the field of telecommunications, new courses may be developed that may require substitution for existing courses in the program.

AREA: Telecommunications Systems Management

Bachelor of Science

CIP 11.0401

University Studies Requirements 44 hrs

(See *Academic Degrees and Programs*.)

University Studies selections must include:

•Scientific Inquiry, Methodologies, and Quantitative Skills

MAT 135 Introduction to Probability and Statistics

MAT 140 College Algebra

PHY 125 Brief Introductory Physics

PHY 126 Brief Introductory Physics Laboratory

•Social and Self-Awareness and Responsible Citizenship

ECO 231 Principles of Microeconomics

•University Studies Electives

CSC 101 Introduction to Problem Solving Using Computers

CSC 199 Introduction to Information Technology

Required Courses 59 hrs

ACC 200	Principles of Financial Accounting
CIS 307	Decision Support Technologies
CIS 317	Principles of Information Systems Analysis and Design
CSC 235	Programming in C++
ECO 335	Economics and Public Policy of Telecommunications Industry
FIN 330	Principles of Finance
MGT 350	Fundamentals of Management
MKT 360	Principles of Marketing
TSM 100T	Transitions
TSM 133	Telecommunications Technology and Methods
TSM 232	Operating Systems
TSM 233	Network Services
TSM 241	Networking Fundamentals
TSM 320	Introduction to Wireless Technology
TSM 343	Protocol Analysis
TSM 351	Principles of Information Security
TSM 411	Network Design, Operations and Management
TSM 443	Telephone Technology
TSM 488	Cooperative Education/Internship ¹

Selected Emphasis 21 hrs

Choose **any** of the methods of completion below:

- 1) Select specific classes;
- 2) Select one or more complete emphasis areas;
- 3) Select approved electives to total 21 hours.

Note: When selecting courses for an area of emphasis or as an elective, a maximum of nine hours may be selected from courses with a business prefix including: ACC, BUS, CIS, FIN, MGT, MKT, or OSY. Adherence to course prerequisites is critical.

Wireless Communications Electronics

TSM 321	Wireless Communications
TSM 322	Wireless Communications II
TSM 323	Wireless Mobile Internet
TSM 421	Mobile Satellite Communications

Network Security

TSM 352	System Security
TSM 353	Network Security
TSM 440	Information Assurance Policy and Management
TSM 441	Advanced Information Security

System Administration

CSC 310	Database Administration
CSC 360	Scripting Languages
TSM 450	Telecommunications Policy and Management
TSM 517	Systems Planning

Approved Electives

CSC 370	Introduction to Artificial Intelligence
ENG 324	Technical Writing
LSC 443	Fundamentals of Operations and Technology
MGT 358	Entrepreneurial Business Plan Development
MKT 475	Marketing Strategies in E-Commerce
TSM 444	Enterprise Networks

Total Curriculum Requirements 124 hrs

¹Maximum of three hours Internship or Cooperative Education counts toward a degree.

Telecommunications Systems Minor 21 hrs

TSM 133, 232, 233, and 241. Nine hours of advisor approved electives. Six hours must be 300- or 400-level courses completed in residence at Murray State University.

Graduate Program

Coordinator - George Rice
270-809-6216

The master’s program in telecommunications systems management provides students a core of fundamental courses and the concentration of choosing a specialization within the curriculum. Although students in the master’s program will have the insight and ability to manage all aspects of telecommunications systems, the program concentration choice will support the aspect of management which interests them most, the physical systems and its components or the business structure and operations that depend on the system.

Requirements for Admission

Applicants must meet the Murray State University requirements (see *Graduate Admissions*).

Unconditional

For a TSM applicant to be unconditionally admitted to the program, an applicant must satisfy one of two formulas:

GMAT Users: $(200 \times \text{UGPA}) + \text{GMAT} \geq 1,000$

GRE Users: $\text{GRE} \geq 321 - (11.66 \times \text{GPA})$ - (Combined quantitative and verbal sections only.)

Note: The GRE formula uses the combined score from the quantitative and verbal sections only. Ask the Educational Testing Service (ETS) to send scores directly to Murray State University using the institution code: 1494.

In addition, candidates must take the TOEFL and score at least 550 on the paper-based exam (or 213 on the computerized version) if English is not their native language or they have not graduated from an accredited English speaking university.

Conditional

Applicants to the TSM graduate program may be admitted conditionally if their overall GPA is 2.75 or higher, or at least 3.0 for their last 60 hours of undergraduate study. Full admission to the program will be granted in one of only two ways, namely:

1) The applicant takes TSM 601, TSM 610, and one other core course (ACC 604, MGT 651, TSM 602, TSM 603, or TSM 630) as their first nine hours of the program and earns a GPA not less than 3.33 from the three core courses; or

2) the applicant takes the GMAT or GRE and meets the unconditional admission formula within their first semester in the program.

If neither of these two conditions is met, the student will be dropped from the program even if they have already taken graduate coursework.

International Admission

Applicants, from any country where English is a second language, will be required to demonstrate English language proficiency. This can be done by taking the Test of English as a Foreign Language (TOEFL) exam and score at least:

1) 550 pBT (paper-based test)

2) Minimum of 20 in each band iBT (internet-based test)

3) International English Language Testing System (IELTS) exam and score 6.0 on the academic test (with no band <5.5) to be fully admitted into the program.

Master of Science in Telecommunications Systems Management

CIP 11.0401

NON-THESIS REQUIREMENTS ONLY

Total Course Requirements 30 hours

- ACC 604 Accounting for Decision Making
- MGT 651 Seminar in Organizational Behavior
- TSM 601 Telecommunications Principles
- TSM 602 Telecommunications Systems
- TSM 603 Telecommunications Project Management
- TSM 610 Telecommunication Networks Management
- TSM 630 Telecommunications Legal Environment: Law, Policy and Regulations
- TSM 680 Telecommunications Solution Development
- Electives (6 hrs)

Only one elective can be an ACC, BUS, CIS, FIN MGT, or MKT prefix. Prefixes with no restrictions include: ECO, IET, and TSM. Other prefixes may be used with director’s approval. Check course descriptions for prerequisites. Not all 600-level courses are offered online.

CERTIFICATE: Professional Telecommunications Systems Management

CIP 11.0103

The Certificate in Professional Telecommunications Systems Management is designed to complement traditional, disciplinary graduate and professional degree programs. The certificate program will provide professionals (e.g., medical administrators, corporate managers) with an overview of current terminology, practices and concepts related to the area of information technology and telecommunications systems. This certificate is an online delivery program.

Requirements for Admission

Students who hold an undergraduate degree, graduate degree, or are currently enrolled in a graduate or professional degree program may apply for the Certificate in Professional Telecommunications Systems Management program.

Applicants must comply with the Murray State University requirements (see *Graduate Admissions*). Additional requirements for admission are as follows:

Unconditional

For a TSM applicant to be unconditionally admitted to the program, an applicant must satisfy one of two formulas:

GMAT Users: $(200 \times \text{UGPA}) + \text{GMAT} \geq 1,000$

GRE Users: $\text{GRE} \geq 321 - (11.66 \times \text{GPA})$ - (Combined quantitative and verbal sections only.)

Note: The GRE formula uses the combined score from the quantitative and verbal sections only. Ask the Educational Testing Service (ETS) to send scores directly to Murray State University using the institution code: 1494.

Conditional

- an undergraduate GPA of 2.75 or higher, or at least 3.0 for their last 60 hours of undergraduate study.
- Full admission to the program will be granted in one of only two ways, namely: 1) The applicant takes TSM 601, 610, and one other certificate course (TSM 602, 603, or 615) as their first nine hours of the program and earns a GPA not less than 3.33 from the three core courses; or 2) the applicant takes the GMAT or GRE and meets the unconditional admission formula within their first semester in the program.

International Admission

Applicants from any country where English is a second language will be required to demonstrate English language proficiency. This can be done by taking the Test of English as a Foreign Language (TOEFL) exam and score at least: 1) 550 pBT (paper-based test), 2) minimum of 20 in each band iBT (internet-based test), or 3) take the International English Language Testing System (IELTS) exam and score 6.0 on the academic test (with no band <5.5) to be fully admitted into the certificate program.

Total Course Requirements..... 18 hours

TSM 601 Telecommunications Principles
 TSM 602 Telecommunications Systems
 TSM 603 Telecommunications Project Management
 TSM 610 Telecommunications Networks Management
 TSM 615 Information System Security
 Elective (3 hrs)

Students may transfer up to six credit hours of equivalent graduate courses into the program.

Department of Accounting

351 Business Building
 270-809-4193
msu.acc@murraystate.edu

Chair: Don Chamberlain. **Faculty:** Bunker, Carpenter, Chamberlain, Grossman, Johnson, Rudolph, Smith, Stambaugh, Tervo.

Mission Statement

The Department of Accounting is committed to providing an excellent accounting education that enables graduates to compete effectively in an accounting or related business environment. Our goal is to provide high quality accounting instruction that encourages both accounting students and non-accounting majors to appreciate, understand, and use accounting information.

To achieve our goal, the department 1) offers responsive and innovative high quality accounting programs that foster student learning, bridge the gap between academia and business, and produce outstanding accounting graduates at both the undergraduate and graduate levels, 2) provides high quality accounting instruction that is contemporary, innovative, and responsive to student needs, and that instills the accounting knowledge, skills and competencies needed for successful careers, and 3) identifies, accumulates, and disseminates relevant accounting knowledge with a professional faculty through superior teaching, appropriate intellectual contributions, professional interaction, and university and community service.

The student specializing in accounting at Murray State is provided with a broad educational background during four years of study at the university. The first two years include University Studies courses which are oriented toward providing the student with a broad general education. The junior and senior years consist of technical and specialized courses in the area of accounting, complemented by supporting courses in management, statistics, computing technology, marketing, economics, law, and finance. These upper-division courses provide the student with a strong business background and an in-depth study of the field of accounting. The Department of Accounting offers an area program in accounting, with options available in information systems, finance, and financial planning. A minor in accounting is also available.

Students completing an area in accounting at Murray State meet the educational requirements to sit for the Certified Management Accountant (CMA), Certified Financial Manager (CFM), and Certified Internal Auditor (CIA) examinations.

Graduate courses offered in the Department of Accounting support the previously described M.B.A. and the M.B.A./Accounting and M.B.A./E-Business concentrations.

Most states require students to obtain 150 college credit hours and a baccalaureate degree to sit for the Certified Public Accountant (CPA) examination. While the state of Kentucky now allows students with a baccalaureate degree and 120 college credit hours to take the exam, 150 college credit hours must still be earned before a license to practice as a CPA will be granted. The M.B.A. and M.B.A./Accounting concentration enable students to meet this requirement and provide additional coursework that facilitates successful completion of the CPA licensure exam as well as other accounting certification examinations.

Accounting professionals are among the principal information specialists in the global economy. They work in public accounting, private industry, and government. An understanding of information systems and technology qualifies accountants to play critical roles as top-level decision makers, financial planners, and consultants, especially in today's e-business environments.

Accounting Minor 22 hrs

ACC 200, 201, 202, 300 and nine hours of upper-level accounting courses, and a three-hour upper level business elective. Six hours must be upper-level courses completed in residence at Murray State University. Students must have a cumulative grade point average of 2.50 or higher prior to enrolling in their first 300-level or above accounting course. Also, a grade of B or higher is required in ACC 200, 201, and 202. **Note:** ACC 304, 489, and 490 will not count toward this minor. Accounting courses cannot be used toward this minor and also in another business program. Students pursuing more than one degree option in business must substitute other business or accounting courses (approved by Accounting Department chair) for ACC 200 and 201 or any other common courses. Students must have a cumulative grade point average of 2.00 or higher in all 300-level and above accounting courses to meet graduation requirements.

Department of Computer Science and Information Systems

652 Business Building
 270-809-2094
 msu.csis@murraystate.edu

Chair: Victor Raj. **Faculty:** Antony, Batts, Bowman, Chen, Li, Lyle, Pilgrim, Raj, Rice, Singh, Smith, Sutrick.

According to the Bureau of Labor and Statistics “computer systems design and related services industry in the professional and business services sector is among the top 10 industries with largest wage and salary, and employment growth through 2018.” (www.bls.gov/news.release/ecopro.toc.htm).

The faculty is drawn from both academia and industry and is well-equipped to prepare students for careers that could span several decades. They are also nationally recognized for their research in a wide variety of areas from learning styles and knowledge management to robotics.

The department provides access to modern well-equipped computer laboratories with an extensive collection of state-of-the-art software to provide a rich practical experience with the latest in computer hardware and software. The learning environment and curricula are structured to give the student the theoretical background and practical experience necessary to successfully pursue a variety of professional and technical careers in the dynamic and rapidly changing computing fields.

Students may choose from two baccalaureate degree programs: computer science or computer information systems and a Masters in Information Systems (M.S.I.S.). For those seeking just a taste of this discipline, we also offer minors in computer information systems and computer science.

Those pursuing the area in computer information systems are well prepared for a variety of careers in business and industry. As this program provides a strong foundation in business with an equally strong immersion in the technology that drives modern businesses, typical career paths include management of people, assets and technologies. They are also equipped with a skill set that makes them effective communicators between the technology in all its complexity and the user who needs the technology to operate efficiently. Students earn a Bachelor of Science or Bachelor of Arts in Business (B.S.B. or B.A.B.). This program is amenable to a 2+2 format where the first two years are completed at a local community college. Please contact the department for specifics.

Students pursuing a major (or area) in computer science may choose to specialize in “*tracks of emphasis*”. In the beginning of their third year, students are encouraged to pick one of four *tracks* – graphics and visual computing, net-centric computing, embedded system programming,

or applications programming – and develop their expertise in the form of project enhancements as they learn new concepts in various classes. By their senior year they have a substantial software product worthy of two years' focused effort. This gives our students an opportunity to put into practice the theoretical constructs developed in the classroom. For those electing to go with a major, we require them to broaden their horizons by selecting a minor program of study, such as math, business, art, or telecommunications. The area has the same required courses as the major. The remaining hours are courses chosen from multiple disciplines with the approval of his/her advisor.

Graduate Program

Coordinator - Solomon Antony
santony@murraystate.edu

Master of Science in Information Systems

CIP 11.0103

ACCREDITED BY:

AACSB-International—The Association to Advance Collegiate Schools of Business

The Master of Science in Information Systems program prepares individuals for management careers in the vast and growing field of information systems. This field includes such diverse areas as software development, information management, data analysis, information security, information systems architecture, system planning, data warehousing, and business intelligence to name a few.

The curriculum consists of seven core courses and three elective courses. This structure prepares the student for both depth and breadth in the information systems field. A sound foundation in business and information systems is expected prior to beginning the program. (See **Foundation Courses and Skills** requirements.)

Upon successful completion, graduates can move into careers such as information systems managers, business analysts, software architects, college-level instructors, information systems auditors, project managers, consultants etc. based on individual strengths, skills and inclination.

Requirements for Admission

Students with an undergraduate degree may apply for the program. Applicants must meet the Murray State University requirements (see *Graduate Admissions*). Completed application packets from domestic students must be received by December 1st for spring admission, and by June 1st for fall admission. Applications from international students must be received by October 15th for spring admission, and May 31st for fall admission. A complete application packet includes 1) official undergraduate transcript; 2) official and valid GRE or GMAT score report (MSU Institution Code = 1494); and 3) a current resume. Additionally, international students whose native language is not English must submit evidence of English proficiency; we accept TOEFL or IELTS scores as evidence.

Unconditional

An applicant may be granted unconditional admission in the program if he/she 1) has achieved a combined score of 288 or higher in the verbal and quantitative sections of the GRE's Revised General Test (or 980 or better in the verbal and quantitative sections of the old GRE or 490 or better in GMAT) and 2) has a cumulative GPA of 3.0 or better in his/her undergraduate program. International student must also have met the University's English proficiency requirements for being fully admitted without conditions in Graduate Admissions.

Conditional

Applicants may be granted admission on a conditional basis under two circumstances. 1) Domestic applicants (or international students who are already in the United States), who have not taken the GRE (or GMAT) may be granted conditional admission if they have an overall undergraduate GPA of 3.0 or higher. International students must also have met the University's English proficiency requirements for unconditional graduate programs admission. To convert to unconditional admission status, students must submit an official GRE (or GMAT) score report before the end of their first semester in the graduate program. The test score requirements are the same as the unconditional admission requirements. 2) An applicant, whose standardized test score or GPA falls below unconditional admission thresholds may be granted conditional admission, provided a) his/her GRE score is 283 or better in GRE's revised general test (or 900 or better on the GRE or 460 or better on GMAT) and b) his/her cumulative GPA during the last two years of the undergraduate program is 3.0 or better. Students admitted on conditional basis must make an overall GPA of 3.0 or better in their first semester courses to be changed to unconditional admission status.

Foundation Courses and Skills

Upon review of the student's academic qualifications and work experience, the program director will decide on foundation courses the student must take. If the student is lacking in business knowledge, he/she will be required to complete one or two foundation courses. If the student is lacking in information systems knowledge, he/she will be required to complete up to three foundation courses. The applicant will be informed of the required foundation courses on the admission letter and during the time of advising.

ACC 490 Survey of Accounting¹

CIS 343 Business Statistics II²

CIS 480 Foundations of Information Systems and Design³

CSC 332 Visual Basic Programming II⁴

(The student may need to complete foundation prerequisite courses also.)

NON-THESIS REQUIREMENTS ONLY

Total Course Requirements 30 hours

ACC 604 Accounting for Decision Making

CIS 601 Telecommunications Principles

CIS 603 Telecommunications Project Management

- CIS 609 Data Warehouses and Business Intelligence
 CIS 650 Software Methodologies^{1, R}
 CIS 645 Decision Support and Expert Systems
 CIS 688 Graduate Internship in Information Systems
 or
 CIS 695 Comprehensive Project in Computer
 Information Systems

Approved electives (9 hrs)

Electives may be chosen from graduate level courses in CIS, TSM or math or other business disciplines. All electives must be approved by the program director.

¹Or ACC 200 and ACC 201.

²Or MAT 135.

³Or CIS 317 and CIS 407.

⁴Or equivalent programming knowledge in another object-oriented language.

Other Degree Requirements

In order to receive the degree, a candidate must earn a minimum grade point average of 3.00 on all graduate courses taken at Murray State University. Repeating a graduate course does not cancel a previous grade in the course.

A minimum grade of C is required to receive credit for a graduate course. No more than one C will be accepted in fulfillment of the seven core courses.

For additional information, please contact the program's graduate coordinator.

Department of Economics and Finance

307 Business Building

270-809-4188

msu.ecofin@murraystate.edu

Chair: David Eaton. **Faculty:** Acharya, Badasyan, Brasfield, Broker, Brown, Dunn, Durr, Eaton, Guse, Hassan, Lacewell, McCoy, Milkman, Reed, Silva.

Students in the Department of Economics and Finance have a wide choice of curricula offered by highly qualified faculty members, most of whom hold the doctorate degree. The department offers a major in economics for those students who wish to pursue a traditional liberal arts education containing a mixture of business and non-business classes outside the Bauernfeind College of Business. This option may be especially attractive for pre-law students. The flexibility of the economics major allows students to tailor the program to their career goals or for further graduate study. It is also one of the approved majors for teaching the social sciences. In such cases the required minor and non-economics electives should be carefully selected in consultation with a departmental advisor. The department offers minors in economics, business economics, and international economics. The department also supports a minor in secondary social studies for those students seeking secondary certification in social studies (grades 8-12). This minor combined with the economics major, increases the probability for success on the PRAXIS examination. In addition to supporting the M.B.A. program and other graduate programs, the Department of Economics and Finance offers the Master of Science in Economics

The department offers an area in finance that prepares a student to operate in a variety of career paths, including banking, corporate finance, investments, securities analysis, and financial services. Students successfully completing requirements for the area in finance are prepared to successfully transition into a business environment or to continue on to graduate studies in finance or other areas of business. In addition to the area in finance, the department offers an area with a financial planning option. The financial planning option is an area in which many career opportunities exist, is approved by the Certified Financial Planning Board of Standards, and provides students with the background necessary to be allowed to take the test for CFP certification. The department also offers a minor in finance for non-business students. Each area of specialization provides preparation for a variety of employment opportunities or serves as a basis for graduate study. Electives are available to prepare qualified students for positions calling for skills in financial analysis in both the private and public sectors of the economy.

Also located in the department are the Center for Economic Education and the Center for Banking and Finance. The Center for Economic Education provides materials and aid to area school systems in incorporating economics into the K-12 curriculum. The Center of Banking and Finance at Murray State University is dedicated to serving current and future financial services professionals by developing and maintaining strong relationships between MSU and area financial institutions, and by developing internship and permanent employment opportunities available to MSU students.

MAJOR: Economics

Bachelor of Arts/Bachelor of Science Degree
CIP 45.0601

Note: This program is recommended for pre-law. The total number of credit hours earned in business courses (ACC, BUS, CIS, FIN, MGT, MKT, RES, LST 240 and 540) cannot exceed 25 percent of total curriculum requirements.

University Studies Requirements 38-47 hrs
(See *Academic Degrees and Programs.*)

University Studies selections must include:

•**Scientific Inquiry, Methodologies, and Quantitative Skills**

MAT 220 Business Calculus

or

MAT 250 Calculus and Analytic Geometry I

•**Social and Self-Awareness and Responsible Citizenship**

ECO 230 Principles of Macroeconomics

SEC 422 Extended Practicum⁴

SED 300 Educating Students with Disabilities

Required Minor 21-24 hrs

Choose either geography, history, political science, or social science minor. Social science minor is strongly recommended.

Note: If any course is required in the major and minor, a substitute course must be approved by an advisor to gain the total degree program hours.

Total Curriculum Requirements 132-142 hrs

¹With a grade of C or better.

²May be used as a University Studies elective for B.S.

³Must be taken together and two semesters before student teaching.

⁴Must be taken one semester before student teaching.

Economics Minor21 hrs

ECO 230, 231, 305, 330, 331; and six hours of business electives (may include ECO and FIN) approved by advisor. Six hours must be upper-level courses completed in residence at Murray State University.

Business Economics Minor22 hrs

ACC 200, CIS 243, 343; ECO 230, 231, 305, 330, 331. Six hours must be upper-level courses completed in residence at Murray State University.

International Economics Minor.21 hrs

ECO 230, 231, 315, 410, 460; and six hours of closely related upper-level electives, with a significant international dimension, as approved by advisor. Six hours must be upper-level courses completed in residence at Murray State University.

Social Science Minor24 hrs

Open only to majors in economics, geography, history, or political science who seek secondary certification in social studies. ECO 231, GSC 110, HIS 221, 222, POL 140, SOC 133; and six hours of upper level courses (300 or above) from the social science disciplines with approval of advisor. Courses required for a major may not be counted toward the minor; substitutions must be from a social science discipline other

than the major and be approved by the advisor; and requirements for certification for teaching secondary school social studies, grades 8 through 12 through the College of Education and Human Services must also be met.

Economics Graduate Programs

Graduate Coordinator - Martin Milkman
mmilkman@murraystate.edu

The department offers the Master of Science in Economics with two unique concentrations. The first has a traditional economics curriculum under which the student, subject to the judgment of the graduate coordinator, has a relatively wide choice of electives. The second concentration allows the student to take a concentration of courses in finance. Both concentrations are designed to prepare a student for further study at the doctoral level, or to qualify a student for a variety of career positions in business, government, and private agencies, or to prepare students for teaching at the community and junior college level.

Requirements for Admission

Applicants must meet the Murray State University requirements (see *Graduate Admissions*) and have a minimum total score on the Internet-based TOEFL of 76. Additional information about unconditional and conditional admission is following.

Unconditional

Admission into the M.S. in economics program is open to persons with (1) an acceptable undergraduate grade point average (normally 2.75 on a 4.00 scale), and (2) an acceptable score on the Graduate Management Admission Test (GMAT) or on the Graduate Record Examination (GRE) (normally at least 50th percentile on the quantitative portion and 10th percentile on the verbal section), and (3) an undergraduate minor in economics or its equivalent.

The applicant's overall record, including undergraduate training, experience, and GMAT or GRE score, will be evaluated by the department graduate coordinator to determine the prospective student's suitability for graduate work in economics.

Conditional

Admission into the M.S. in economics program may be granted to an individual not qualifying for unconditional admission if the individual demonstrates the potential to succeed. A conditional student may be admitted to full standing after completion of one semester (nine hours) of satisfactory work including prerequisites, with the recommendation of the M.S. graduate coordinator.

Department of Journalism and Mass Communications

114 Wilson Hall
270-809-2387
msu.jmc@murraystate.edu

Chair: Bob Lochte. **Faculty:** Ezumah, Hedges, Hinton, Lochte, Magee, Norsworthy, Owens, Qualls, Shemberger, Thomas, Valentine, Welsch, White, Wright.

The Department of Journalism and Mass Communications, established July 1975, offers five majors leading to a bachelor's degree: advertising, graphic communications management, journalism, public relations, and television production. The department offers four minor programs: advertising, graphic communications technology, journalism and mass communications, and photography. Additionally, a Master of Arts or a Master of Science degree is offered in mass communications.

The mission of the Department of Journalism and Mass Communications is to prepare students with a body of knowledge and a system of intellectual inquiry, scholarship and training for careers in which they are accountable to:

- the public interest for their knowledge, ethics, competence and service
- citizens, clients and consumers for their competencies and the quality of their work; and
- employers for their performance.

Our students understand the value of ...

1. Truth, accuracy, and fairness.
2. Freedom of expression.
3. Ethical thought and practices.
4. Historical perspective on the role of the mass media in civil society.
5. Diversity of the workforce and audiences.

We expect our students to learn how to...

1. Write clearly and accurately.
2. Use media technology appropriate to the task.
3. Apply media theory in presenting images and information.
4. Engage in research and critical evaluation.
5. Understand data and statistics.
6. Think creatively and analytically.
7. Exhibit professional, career-related behavior.

Murray State University's Department of Journalism and Mass Communications is one of only 113 programs accredited by the Accrediting Council on Education in Journalism and Mass Communications (ACEJMC). The undergraduate programs in advertising, journalism, public relations, and television production have been accredited since 1987 and were reaccredited May 2010 for a six-year period.

ACEJMC has established the following curriculum requirements: (1) a student must earn at least 72 hours of credit (of the 120 required for graduation) outside the department; (2) a student must complete all University Studies requirements; (3) a student may count no more than six semester hours of practicums, internships or cooperative education toward the major; (4) a student must complete a minor.

Students must pass ENG 105 or 150 with a grade of B or better and have basic keyboarding skills to be eligible for the department's basic courses, JMC 194, JMC 270, JMC 391, and JMC 394.

For more information contact the department at (270) 809-2387 or write to Chair, Department of Journalism and Mass Communications, Murray State University, 114 Wilson Hall, Murray, KY 42071-3311, email msu.jmc@murraystate.edu.

For information about the graduate program contact the graduate coordinator at (270) 809-2387 or write to Graduate Coordinator, Department of Journalism and Mass Communications, 114 Wilson Hall, Murray, KY 42071-3311, email msu.jmc@murraystate.edu.

Historic Wilson Hall, the second-oldest building on the campus, houses the main classrooms and offices for Journalism and Mass Communications, as well as *The Murray State News*, a national award-winning student newspaper and its companion website TheNews.org. The department also publishes three magazines a year and a biannual alumni newsletter. Television production facilities are located on the 8th floor of the Price Doyle Fine Arts Center, and include MSU-TV 11 student cable access channel. The department is affiliated with such organizations as the Association for Education in Journalism and Mass Communication (AEJMC), the Association of Schools of Journalism and Mass Communication, Kentucky Intercollegiate Press Association, College Media Advisers, American Advertising Federation, and the Public Relations Society of America. Broadcast affiliations include the Broadcast Education Association, Radio-Television News Directors, and the Kentucky Broadcasters Association. There are active student chapters of the American Advertising Federation, the Public Relations Student Society of America, and Kappa Tau Alpha, honorary journalism fraternity.

Scholarships and Awards

The department offers scholarships, internships, graduate assistantships, and special awards in journalism and mass communications. For additional information, contact the Department of Journalism and Mass Communications, msu.jmc@murraystate.edu.

JMC 394, 417, 426, 439, 456; MKT 360, 463, upper-level MKT course or MGT 350. Six hours must be upper-level courses completed in residence at Murray State University.

Journalism Minor 24 hrs

JMC 194, 270, 294, 295, 397, 398, 590, and 597 and corequisites-CSC 125 and GCM 153. Advertising, Public Relations, and Television Production majors may substitute GCM 250 for JMC 270 and any upper-level JMC course for JMC 590. Public Relations majors may substitute JMC 336 for JMC 194.

Mass Communications Minor 24 hrs

JMC 168, 194, 330, 590 and 12 hours of approved JMC electives. Six hours must be upper-level courses completed in residence at Murray State University. Students cannot minor in mass communications if they have a major in the department. They can, however, minor in advertising.

Graduate Program

Graduate Coordinator - Debbie Owens
270-809-6318

The objectives of the Master of Arts and the Master of Science in Mass Communications are: 1) to prepare graduate students for positions in mass communications and research; 2) to provide a foundation for study at the doctoral level; and 3) to prepare graduate students for teaching mass communications at the college level.

Requirements for Admission

Applicants must meet the Murray State University requirements (see *Graduate Admissions*). Additional requirements follow.

Unconditional

Unconditional admission is granted to applicants who have a bachelor's degree from an ACEJMC-accredited, or similarly rigorous, program in any mass communications field and whose undergraduate GPA is 2.75 or higher. International students must also submit minimum TOEFL scores of 213 on the computer-based test, with at least 21 on each of the three verbal areas, or 20 in each of the four areas of the Internet-based test, or 550 on the paper-based test. Students must submit IELTS scores of a minimum of 5.5 or higher in each of the four bands and the total band.

Conditional

Conditional admission may be granted to applicants who have a bachelor's degree from an accredited college or university in fields other than mass communications or whose undergraduate GPA is between 2.50 and 2.74. The graduate coordinator may require up to nine hours of additional prerequisite courses, including JMC 168, for any student admitted conditionally. Conditional students are admitted to full standing after completion of nine hours of graduate course with a 3.0 GPA or better and no single grade below a B.

International students entering the JMC program from the Murray State University English as Second Language program (ESL) must complete Level 6, AND students must submit TOEFL scores of at least 497 paper-based or at of at 213 computer-based test, including at least 21 on each of the three verbal areas, or 18 in each of the four areas of the Internet-based test in addition to the above requirements. Students entering the mass communications program from the Academic English for Non-Native Speakers (AEP) must submit a TOEFL score of at least 523.

Master of Arts or Master of Science in Mass Communications

CIP 09.0101

NON-THESIS REQUIREMENTS ONLY

Total Course Requirements 31 hours

JMC 600 Seminar in International Mass Communications
or
JMC 615 American Media History
and
JMC 630 Theories of Mass Communications
JMC 610 Introduction to Graduate Studies
JMC 648 Mass Media Industries^{PT}
JMC 660 Methods of Communications Research^R
JMC 670 Philosophical and Ethical Concepts of the Mass Media^L
JMC 690 Comprehensive Project

Three courses chosen from the following:

JMC 600 Seminar in International Mass Communications
JMC 601 Media, Culture, Gender and Race
JMC 602 Seminar in Advertising
JMC 603 Seminar in Public Relations
JMC 615 American Media History
JMC 616 Professional Internship in Mass Communications
JMC 620 Strategic Communications
JMC 622 JMC Study Abroad
JMC 658 New Technologies
JMC 677 Directed Individual Study
JMC 685 Specialized Mass Communications
JMC 686 Special Topics

Elective (600-level, approved by graduate coordinator)

Other Degree Requirements

- The semester before enrolling in JMC 690, the student must meet with the graduate coordinator, present a proposal for the project, and gain approval of the proposal.
- For the Master of Arts degree only, the candidate must demonstrate competency in an approved foreign language.

**Master of Arts or Master of Science in Mass Communications/

Graphic Communications Media

This program is designed to prepare individuals for employment at the supervisory and management levels in the printing and graphic communications industries.

Graduates of this program will be qualified to function as entry level managers, production planners, quality control specialists, production control expeditors, estimators, sales representatives, or customer service representatives.

We expect our Graphic Communications media students to learn how to:

1. Write clearly and accurately
2. Use media technology appropriate to the task
3. Understand data and statistics
4. Think creatively
5. Exhibit professional career-related behavior

GCM 151, 153 and 18 hours selected from the following courses: GCM 250, 252, 351, 365, 441, 442, or 454. Six hours must be upper-level courses completed in residence at Murray State University. Graphic Communications Media majors may not choose this minor.

Photography Minor 21 hrs

GCM 153, 250 and 15 hours selected from the following courses: ART 350, 382; GCM 350, 357, 358, 359, 360, 440, 454; JMC 270. GCM majors may substitute an elective from this list. Six hours must be upper-level courses completed in residence at Murray State University.

Department of Management, Marketing and Business Administration

451 Business Building
270-809-6196
msu.mgtmkt@murraystate.edu

Chair: Terry Holmes. **Faculty:** Betts, Dublin, Holmes, Johnston, Keller, Khan, Linnhoff, Mangold, Miles, Miller, Muuka, Ray, Roach, Seaton, Sheets, Smith.

The Department of Management, Marketing and Business Administration offers many curriculum alternatives for students. Students completing an area in management, marketing, or business administration meet the strongest requirements for each of these fields. Students may also focus on a major in business administration and then choose a minor outside the Bauernfeind College of Business to broaden their expertise in another field of interest. Additionally, a student may pursue a minor in management, marketing, real estate, advertising, or business administration.

Within the management area, two tracks are offered which permit students to direct their studies toward specific management fields: entrepreneurship or human resources. These programs prepare students for both beginning work experiences and for graduate study in business. Today's manager must combine sophisticated decision making ability with the ability to lead and direct others. The curriculum in management is designed to provide professional training and to develop the competency of students for careers in the management of the business and economic affairs of modern organizations.

Marketing graduates are involved in the development of creative solutions to marketing problems that arise in the link between production of goods and services and their final use. The marketing degree prepares students for careers in a wide range of fields including retailing, sales management, advertising, and two of the fastest growing and most exciting fields – international marketing and e-business.

Within the business administration area, the business administration program prepares students for a variety of career opportunities. It provides students with a broad overall understanding of the different functional disciplines of business and prepares them for positions of responsibility in business organizations. A major in business administration is offered for those students wishing to minor in an area outside of business.

The Real Estate Program provides the credits needed to meet the educational requirements for a Kentucky real estate salesperson or broker license. A minor in real estate can be earned by taking offered real estate courses and approved electives.

Department of Organizational Communication

312 Wilson Hall

270-809-4483

msu.orgcom@murraystate.edu

Interim Chair: Michael Bokeno. **Faculty:** Bokeno, Coleman, Cox, Gesler, Johnson, Miller, Parish, Smith, Tillson, Worley.

The Department of Organizational Communication offers programs leading to either the Bachelor of Arts or the Bachelor of Science degree. The major offered is organizational communication. The department also offers minors in organizational communication and sports communication.

Organizational communication is the study of strategic communication processes and skills that create successful organizations. Because *organizing* people to work together depends upon effective *communicating*, the organizational communication major provides professional development for a wide variety of careers.

Students learn methods for assessing communication problems, designing communication processes, and improving communication quality in organizations. Students develop skills in managerial communication, teamwork, leadership, interpersonal communication, conflict resolution, public speaking, training, decision-making and other communication-based competencies. Because all employers seek employees who can build relationships, promote ideas, guide teams, facilitate collaboration, and provide leadership, graduates are highly marketable and successful.

The major is compatible with all fields of study allowing students to select a minor that best fits their personal interests and goals (e.g., marketing, management, advertising, psychology, Spanish, math, biology, English, or non-profit leadership studies).

The total number of credit hours earned in business courses (ACC, BUS, CIS, FIN, MGT, MKT, RES, LST 240, LST 440) cannot exceed 25 percent of total curriculum requirements.

The Department of Organizational Communication requires that a 2.50 grade point average (GPA) must be maintained in any or all COM majors or minors in order to receive a degree from Murray State University. A student failing to maintain a 2.50 will not be permitted to take new courses in the department until the GPA reaches or exceeds 2.50.

The department offers a limited number of assistantships/scholarships.

Graduate Programs

Graduate Coordinator - David Gesler
 dgesler@murraystate.edu

The Department of Organizational Communication offers the degrees of Master of Arts or Master of Science in Organizational Communication. Graduate study in organizational communication prepares students for effective membership, humane management, and prudent leadership in organizations. Coursework focuses on various organizational, interpersonal, and small group communication processes vital to personal and organizational success. Students acquire advanced communication knowledge and skills in such areas as conflict resolution, managerial communication, leadership, customer relations, team communication, organizational change, healthcare communication, persuasion, intercultural communication, training, and organizational learning.

The program, which is theoretically and experientially oriented, provides students with course offerings allowing in-depth study and opportunity to pursue individual interests. Coursework is designed for both focused study and maximum flexibility to meet the unique career goals of each student. The program prepares individuals (1) to enter areas of business, industry, government, and nonprofit administration, where knowledge of and competence in communication are essential; (2) to enter other vocations where communication is of prime importance (e.g. the ministry, law, public service); (3) to continue study of communication at the doctoral level; and (4) to teach organizational communication at the college level.

Murray and Regional Campus Options

The graduate degree is delivered in two formats. At the Murray campus, the graduate program can be completed through a combination of night, online, ITV, and independent study courses. These options provide greater flexibility for working adults to pursue the degree part-time or full-time based on their schedules. Second, a 16-month, cohort program is offered on a rotating basis at our regional campuses. The combination of weekend and online instruction maximizes learning while minimizing the number of class meetings. Each course in the accelerated format is five weeks long. Students take two or three courses each semester during the 16-month timeframe. Once completed, the 16-month program moves to the next regional campus.

Requirements for Admission

Applicants must meet the Murray State University requirements (see *Graduate Admissions*). Additional departmental requirements are as follows:

Unconditional

- An overall GPA of 3.0 in the last two years of undergraduate work with at least a minor in communication, business, or related field.

Conditional

- An undergraduate GPA of at least 2.50.
 Conditional students may be required to complete certain undergraduate courses before beginning the program. After beginning the program, conditional students will undergo a review after their first nine hours and are admitted to full standing after completion of B or better work and approval of the graduate program coordinator.

International students entering the organizational communication program from the Murray State University English as a Second Language (ESL) program must have completed Level 6 and must score at least 18 in each test area on the TOEFL Internet-based test, a 500 on the TOEFL paper-based test or 178 on the computer-based test. International students who have not completed the ESL program must score at least 18 in each test area on the TOEFL Internet-based test, a 550 on the TOEFL paper-based test or 213 on the computer-based test.
