

EPA/EPSCoR SPECIAL CONFERENCE ON BIOMARKERS

*In conjunction with
The Kentucky Statewide EPSCoR Conference
May 11-12, Hyatt Regency, Lexington, Kentucky*

As a part of the Annual Kentucky EPSCoR Conference, Kentucky EPA/EPSCoR will hold a conference on biomarker research. Kentucky is one of only 3 states to have been awarded a full EPA/EPSCoR program. As in the past, we have concentrated our efforts on environmental and medical biomarkers, which have reviewed very well within the US EPA. We are now in the second year of the funding cycle, and it is time to see where we are and where we should go with future research and funding efforts. To assist us in understanding the state-of-the-art and potential research directions, we have invited three excellent external speakers and also we will hear from our present research teams. The talks will be followed by an open discussion of future possibilities, particularly the need for involving more researchers from universities around the state. **Thus, we need input from everyone.** If you can attend the entire conference or even just spend the afternoon with us, we think that it will be a valuable experience. Information on conference registration and Kentucky EPSCoR can be found at

<http://www.kyepscor.org/>

INVITED SPEAKERS

PATRICK HATCHER, Department of Chemistry, The Ohio State University, Columbus, OH

TIMOTHY R. FENNELL, Center for Bioorganic Chemistry, Chemistry and Life Sciences, RTI International, Research Triangle Park, NC

MARGARET WHALEN, Department of Chemistry, Tennessee State University, Nashville, TN

SEER GRANT PARTICIPANTS

HOWARD WHITEMAN, Department of Biological Sciences, Murray State University, Murray, KY

BOMMANNA LOGANATHAN, Department of Chemistry, Murray State University, Murray, KY

HARRELL E. HURST, Department of Pharmacology & Toxicology, University of Louisville School of Medicine, Louisville, KY

STEVEN MYERS, Department of Pharmacology & Toxicology, University of Louisville School of Medicine Louisville, KY

9th Annual EPSCoR Conference
Advances in Research Through EPSCoR
Monday, May 12, 2003
Hyatt Regency Hotel
401 West High Street – Lexington, KY
