

Community Engagement

1) October 9, 2014

The Strategic Initiative Community Engagement Committee held its first meeting on Thursday, October 9. The members present held a discussion concerning students being admitted to MSU and how it affects the students themselves and/or their families. Potential dates were identified for the committee's Town Hall meeting. A Doodle calendar poll will be sent today to all committee members, asking they indicate their preference and return by tomorrow. After all are received, the best time for the Town Hall Meeting will be chosen.
