Vision and Goals Statement was revised:

Attract, retain, and graduate students who will serve as thought-provoking civic, educational, and workplace leaders through blending services and curricular and co-curricular activities.

Goal: Enroll, retain, and graduate highly-qualified, promising, and diverse students by providing an innovative, thought-provoking, supportive educational experience.

Objectives

1. MSU will enhance resources to achieve recruitment, enrollment, and retention goals that will result in the optimal net tuition revenue model and desired student population.
2. Provide academic and support initiatives to enhance the educational environment and experiential student learning.
3. Enhance opportunities and expand programs for global education and campus internationalization.
4. Provide seamless transition for transfer students.
5. Promote the Residential College system for further enhancement of student academic and social integration.
