

Years of Service Awards

Listed below are names of those employees who will be honored for their years of service to Murray State at the Staff Recognition program on August 7. If your service record falls in one of the stated categories, please locate your name and make sure that it appears correctly. Any changes or additions should be reported to Christina Wilson in the office of the Vice President for Finance and Administrative Services at 809-3438 by June 15. If you go by a name other than what is listed on your permanent employee records and would like your certificate to be printed accordingly, pass that information along also.
