Student Guide: Welcome and Profile Set-up

Welcome to Starfish! Murray State cares about you and your success! That's why we're using the Starfish Student Success Network to empower you to be successful.

It is easy to get started. After you are registered for classes, you can access Murray State's Starfish system via myGate Academics tab. Starfish will automatically provide you with connections to your current instructors, advisor, and campus services. The Starfish platform can help us support you when you need it and make it easy for you to find the right people and services.
